### SUMMARY

Full Stack Developer experienced in JavaScript and Python based programming with a background in Graphic Design. Possess strong skills in React and Node.js creating servers and databases for functionality, designing and developing APIs. Hardworking team player with excellent technical abilities, I can easily adapt to new things and always ready to take on a challenge.

### TECHNICAL SKILLS

Python, OOP, SQL, PostgreSQL, Flask, Django, Javascript, React, Node.js, HTML5, CSS3, Git, Adobe photoshop and Adobe illustrator.

### TECHNICAL PROJECTS

#### Nexus App:

website designed as a comprehensive guide and interactive platform for individuals entering the postpartum world.

- Front-end Development: Utilized React to create a user-friendly and responsive interface, ensuring an intuitive experience for individuals seeking postpartum guidance and support.
- Back-end Infrastructure: Employed Node.js to orchestrate the server-side operations, enabling seamless communication between the front-end interface and the database.
- Database Management: Implemented Postgres in conjunction with Pgadmin to establish a robust database system, facilitating efficient storage and retrieval of essential postpartum resources, articles, and user data.

### EXPERIENCE

#### Freelancer Web Design

Michal Moalem

Jerusalem, Israel

Nov/2011 - Jan/2022

- Optimized websites and mobile applications to achieve maximum performance.
- Implemented user interface designs for web and mobile applications, simplifying digital interaction.
- Evaluated customer needs and feedback to drive product and service improvements.

#### Web Developer and Graphic Designer

Alef Bet Yahadut

Jerusalem, Israel

06/2020 - 04/2021

- Web Development: Successfully completed website development projects utilizing Webflow, a no-code platform, to create responsive, visually stunning, and user-friendly websites.
- Logo Design and Branding: Presented multiple logos to clients, offering a choice in the selection process, incorporated feedback for refined designs. Collaborated with clients to understand their brand vision and mission, translating those ideas into compelling and effective visual designs.
